**Good morning, no problem! So typically you guys can shoot me a rough idea and I can come up with**

**artwork or you have the art and shoot it over, from there I mock up a proof on the computer and shoot it over for approval from you. Once that is approved and we have shirt numbers, we are good to go to print.**

We can email an invoice to be paid before pick up or you can pay when you pick up. Also depending on where you need them delivered, we can get them brought to you.

Thanks again and let me know if you need any other info!!
